Notice relating to Foreign Currency Transaction

Fee relating to Settling Foreign Currency Transaction in Hong Kong Dollars

Customers may sometimes be offered the option to settle foreign currency transactions in Hong Kong dollars at the point of sale overseas. Such option is a direct arrangement offered by the overseas merchants and not the card issuer. In such cases, customers are reminded to ask the merchants for the foreign currency exchange rates and the percentage of handling fees to be applied before the transactions are entered into since settling foreign currency transactions in Hong Kong dollars may involve a cost higher than the foreign currency transaction handling fee. For transactions settled in Hong Kong dollars and made outside Hong Kong via VISA Credit Card and MasterCard Credit Card, we will charge a markup of 0.8% and 0.95% respectively; while for such transactions via CUP Dual Currency Credit Card, we will not charge any further markup.

The English version of this notice shall prevail whenever there is any discrepancy between the English and the Chinese versions.
